OBJECTIVE

My objective is to pursue my passion in programming and electrical engineering so that I can find out what path I want to take in the future.

EXPERIENCE

Cisco Systems, San Jose — *Field Trip*

February 5th, 2018

During this trip I had the opportunity to visit their campus and learn how their products are made and the type of processes they go through to design them.

EDUCATION

Dublin High School, California — *Degree Pending*

August 2016 - Present

The most notable courses I took in 9th grade were Computer Science & Engineering, Biology with Research, and Spanish II. In 10th grade they are Algebra II with Trigonometry, Honors Chemistry, Principles of Engineering, and Spanish III

SKILLS

HTML & CSS
Command Line User Interface
Python
Javascript
PHP

AWARDS

In Piano I have recently passed the Certificate of Merit exam at the 8th level.

LANGUAGES

Proficient Spanish
